

## **CSF Award**

The CSF Award has been established in 2009 by the director and the scientific board of the Centro Stefano Franscini.

The Award should go to the best oral presentation given by a young scientist during the conference.

Eligible candidate: a PhD student or someone who has accomplished a doctoral degree within the last 3 years; maximum age 33 years.

The Award corresponds to the sum of CHF 500.- together with a certificate and a small CSF/Monte Verità memento.

A jury formed by members of the conference organizing/scientific committee will designate the winner during the conference,

The Award will be formally presented to the winner before the end of the conference at Monte Verità, by a representative of both the organizing committee and the CSF.
